

NEW NEW NEW

SURTRONIC® R-150

APPLICATIONS

- ✓ Ball Bearings
- ✓ Roller Bearings
- ✓ Bearing Races
- ✓ Valves
- ✓ Con Rods
- ✓ Brake Discs

1

High speed roundness measurement for bearings, automotive & precision industries

2

Robust enough for the shop floor but accurate enough for any inspection room

3

World's highest throughput roundness system - 3 parts/min. including set-up

4

Precision - ± 25 nm spindle accuracy

5

Ease of use - Touchscreen software
